To whom it may concern

**Heinz Nixdorf Scholarship Programme to promote work experience
of German high potentials in the Asia-Pacific region**

Dear Sirs,

GBP International Sdn. Bhd. had provided Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH since the year 2003 the services of supporting the interns from Germany to perform their internships in Malaysia under the Heinz Nixdorf Stipendium.

GBP was for 10 years the respected and trusted partners for the management of INWENT/GIZ as well as the trainees who came to Malaysia.

Among others GBP's services included:

- 1) Advising the colleagues of GIZ to inform the interns regarding the preparation of the relevant documents for their visa applications and getting work permits;
- 2) Assisting the interns in finding a placement with any local companies for their internships. At times may also assist to change the placement if the interns were not happy with their original placement;
- 3) Liaising with the Language Centre regarding the Bahasa Malaysia and Mandarin Hanyu Pin Yin courses for the interns;
- 4) Assessment of the trainees over their stay in Malaysia;
- 5) Troubleshooting if and when necessary

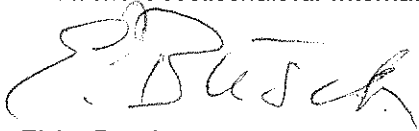

During the years from 2003 to 2013 of co-operation with GBP, we have found them to be extremely effective and efficient in performing their services. The cooperation with GBP ended in 2013 due to internal changes at GIZ.

Page 2/2, March 5th, 2014

We highly recommend GBP INTERNATIONAL to any other organisation or company for their services.

Thanking you,
best regards

Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH
